

**The Reading Railroad Heritage Museum in Hamburg PA invites you to become a sponsor of
RAILFEST 2018: Hauling Black Diamonds on the Reading Railroad**

a community event to be held June 9 and 10, 2018. RAILFEST 2018 will celebrate the 10th anniversary of the Reading Railroad Heritage Museum and feature the Reading Railroad's famous coal transportation history.

A festival atmosphere with the best of country and railroad music, model railroads, demonstrations of coal in use, displays of the Museum's collection of Reading Railroad locomotives and cars, food, exhibits about coal transportation, children's activities, and vendors will attract daily visitors from the whole region.

The Reading Railroad Heritage Museum is the educational and interpretive center for the extensive collections of the RCT&HS. The Museum is operated entirely by the 1000-member RCT&HS, an all-volunteer non-profit organization incorporated in 1976. The RCT&HS has assembled one of the largest collections in the United States devoted to a single railroad. The Museum is the only institution dedicated to preserving the significant history of the Reading Railroad which shaped our communities, the economy, and the environment for over 135 years.

The Reading Railroad Heritage Museum is rapidly advancing as an important cultural institution in Berks County and beyond. Come and be a part of it! A list of opportunities for sponsorship follows this invitation. We welcome your inquiries and look forward to your participation in **RAILFEST 2018!**
